(Intro Lick)

(Verse 1)

[D] Ridin' down 290, the fog was thick

I didn't see what happened, it happened so  
quick

[G] I felt a thump, I heard a squish

[D] I hit the brakes about went in the ditch

[A] Jumped out of my truck and to my surprise

[D] (stop) A damned armadillo was [D] stuck to my  
tire

(Chorus)

[G] Well, ain't it the luck, it happens all the time

[D] Never seen one make it to the other side  
[E7] The chicken will cross that road for fun  
[A] (stop) To prove to the 'dilo that [A] it could be  
done

(Verse 2)

[D] If ever was a creature born with a jinx  
It's a Texas armadillo, whenever he thinks  
[G] "That road ain't so wide", "Hey, that truck ain't  
so fast"  
[D] Well, that kinda thinking always ends in a  
splat  
[A] It ain't their fault, they're made that way  
[D] (stop) Persistent armadillos 'til their [D] dying  
day
