

SILVER GRASS SET LIST (UPDATED AS OF 2-3-26)

GENERAL NOTES

4-16-25 Marty suggestion- each week start with work on 10 songs from original set list, then do new stuff.

8-6-25 Marty suggestion-until we know a song by heart include set list info in song, both on top and in song.

Currently working on recording demo tape songs every other week. Brian suggested that we prepare a five minute sample tape of the songs with lyrics.

Numbers before the songs refer to the order we came up with; ie, low numbers are the original set list, 50+ are later additions. Since not all of the songs are in the set list, some of the numbers aren't sequential.

I added the beats per minute in **bold** after the song title if I had that info.
