

Texas Armadillo - v02/27/26

Dale Watson

(Intro Lick- Gary)

(Verse 1 - Paul)

[D] Ridin' down 290, the fog was thick
I didn't see what happened, it happened so quick
[G] I felt a thump, I heard a squish
[D] I hit the brakes about went in the ditch
[A] Jumped out of my truck and to my surprise
[D] (stop) A damned armadillo was [D] stuck to my tire

(Chorus - All)

[G] Well, ain't it the luck, it happens all the time
[D] Never seen one make it to the other side
[E7] The chicken will cross that road for fun
[A] (stop) To prove to the 'dilo that [A] it could be done

(Verse 2 - Paul)

[D] If ever was a creature born with a jinx
It's a Texas armadillo, whenever he thinks
[G] "That road ain't so wide", "Hey, that truck ain't so fast"
[D] Well, that kinda thinking always ends in a "SPLAT!"
[A] It ain't their fault, they're made that way
[D] (stop) Persistent armadillos 'til their [D] dying day
